

ASK THE AGENT

## Have you ever wondered what a managing agent actually does?

Our ASK THE AGENT seminars provide all the answers.

We can come and talk to your teams to give them an overview of what we do and how we make it happen. We will also explain what happens during the process of a new development - from land purchase, through the technical process to sales and then handover to management and beyond.

### BOOK A SEMINAR

Sessions will last no longer than 1 hour 30 mins and can be in person or via teams.
